- 1) Freewrite
- 2) What is on your "to do" list for this week? Write the list in order of your top priorities. Add one thing on the top of your list called an ARTIST DATE, one thing you can do with and for yourself.

## To Do list

1. Try to do my workout during college
  2. Get as many A's as possible for a good college GPA
  3. Practice my time driving
  4. Focus on studying my quizzes
- 3) Describe the time when you have struggled to be taken seriously or a time when you had to correct a misperception about yourself. Write how this felt with your five senses. 2 paragraphs beg/mid/end

One time, my classmates did not believe in me. I was in Calculus BC class in high school. We were doing groupwork. However, the problems calculus gave me were super hard. Doing them would make me bored and stressed. It leaves a bad taste in my mouth.

So when my classmates told me how to do this problem, I gave a bland explanation on how to do it, even though I don't know how to do it. But one of the problems I knew how to do it, they just brushed it off. So yeah, even though I knew how to do some problems, they still won't believe me.

## THESIS STATEMENT

- 1) Start with a question
- 2) Answer the question
- 3) Refine: Ethos, Logos, Pathos
  - Why do you hold your position
